Your license entitles you to the JIRA Software source for the period of your license. **Do not distribute source files.**

Source may not be provided for JIRA Software beta releases, developer releases or release candidates, as these are not considered a stable base on which to build extensions or customisations. If you have some special requirement for the source-code of some JIRA Software version not listed on this page, please [contact us](#) directly.

If you have any questions about the source or its architecture, please visit [Atlassian Answers](#). If you have any questions about licensing, please [ask us](#). We're only too happy to help you out.
