How do I determine the "impact" rating of a decision?

Here's an example you can use as a guide.

Decision characteristics	
<ul style="list-style-type: none">The decision will have a material impact on the customer experience ORwill significantly impact the roadmap ORwill adversely disrupt an internal business process.	HIGH
<ul style="list-style-type: none">The decision will involve a less than material change to customer experience ORwill impact the roadmap ORwill impact an existing internal business process	MEDIUM
<ul style="list-style-type: none">All other decisions	LOW
