

Create Project Permission

将项目创建过程委派给其他团队

Create Project
Ability to delegate creation of project to other groups of users.

- jira-admins
[View Users](#) [Delete](#)

Add Permission

Permission:

Group:

[Add](#)

Create Project
Ability to delegate creation of project to other groups of users.

- jira-users
[View Users](#) [Delete](#)
- jira-admins
[View Users](#) [Delete](#)

允许指定的用户或者用户组来创建项目，这些可能并不具有系统管理员或者JIRA管理员的授权

允许进行创建项目默认设置，在创建的时候来根据默认设置一次性来创建项目，包括：问题类型方案，问题类型界面方案， workflow 方案，字段配置方案、权限方案、通知方案、权限方案

Project Author *

Project will be created on behalf of the selected user with jira administrator permission if no "admin" or "sysadmin" user available.

Enter username with jira administrator or jira system administrator permission.
